# Our Program

## What is the Leaders Lifting Leaders Program?

The Taking Shape STAR Leadership program is a youth leadership training course designed for organizations that are passionate about growing young leaders. The program is designed in a classroom style lesson format based on 5 points of the "STAR" and is composed of community outreach, seminars, workshops, and potential mission trip opportunities. The leadership course focuses on monthly themes of gratitude, giving, public speaking, positive self-image, respect, time management, budgeting money and many other topics that are valuable in leadership development. In addition, a continued education component that advises and counsels our STAR leaders on pathways to college or further education goals beyond high school.

## The STAR Leadership is comprised of 5 points of our star:

### SERVE

One of the best qualities of a leader is the ability to serve others. The STAR leadership program is based on a servant leadership approach and focuses on gratitude, community service and humility.

1

### GROWTH

Continuing to grow and learn is essential as an accomplished leader. Finding your purpose and continuing to impact others is key leadership development.

3

### LOVE

Love is the ultimate link that unifies all of these character traits together. Loving yourself and living a life of kindness creates a ripple effect of servant leadership.

5

### TRUST

Building trust is essential in being a valuable leader. Character values such as honesty, integrity and loyalty are strengthened in order to build a firm foundation as a trusted leader

2

### EXCELLENCE

Establishing a strong work ethic and consistent habits that lead to excellent performance is a strong quality of a leader.
